Are you running your business or is it running you?

Is this you?

Many of the most successful entrepreneurs and business leaders work longer hours and get less return on their investments of time and money.

Maybe you wrestle with some of these challenges:

- **Lack of Control** over time, markets or your company
- **People** who don't listen, understand or follow through
- **Profit** that's inconsistent and/or there's not enough
- **Growth happens**, but you can't break through to the next level
- **Quick Fixes** that come and go, bringing little change with continued frustrations

Don't let the business run you!

Get a grip on your business

Join Brandon Harris and Andrew Stevens' powerful, inspirational presentation, that will introduce you to the Six Key Components™ of a successful business.

Their interactive style and experience-based real world insight makes this an eye-opening event for growth-oriented business leaders.

At the conclusion of this workshop, you will walk away with a set of simple practical tools that you and your leadership team can use immediately to focus on priorities, get clear on issues and gain traction together as a healthier, functional and cohesive team.

Guest Speakers, Professional EOS Implementers™ Brandon Harris and Andrew Stevens.

Brandon Harris

Brandon comes from an entrepreneurial family and started his first business in the wholesale bakery industry at age 25.

Having achieved all he set out to, in 2019 he swapped his passion for helping people in fitness to helping people in business. He now works with business leaders across all sectors to implement the Entrepreneurial Operating System helping them get more of what they want from their businesses.

Andrew joined the British Army where he served as a musician for 5 years touring many great locations around the world.

Following his military grounding he left the army to pursue a 20+ year career in Sales and Sales Leadership working with Entrepreneurial Silicon Valley and North American start-ups to establish and scale them in Europe. During this time he became one of IBM's top sales people worldwide and experienced the highs and lows of scale ups, scale downs, acquisitions and exits.
