WEST MIDLANDS BUSINESS GROWTH

## A must-see presentation by Professional EOS Implementers™ Martin Andrew and Brandon Harris

### Are you running your business, or is it running you?

To be a successful entrepreneur and business leader you don't need to work longer hours to get more return on your investments of time and money.

Maybe you wrestle with some of these challenges:

- **Lack of Control** over time, markets or your company.
- **People** who don't listen, understand or follow through.
- **Profit** that's inconsistent and/or there's not enough.
- **Growth** happens, but you can't break through to the next level.
- **Quick Fixes** that come and go, bringing little change with continued frustrations.

Join Martin Andrew and Brandon Harris' powerful, inspirational presentation that will introduce you to the **Six Key Components™** of a successful business.

Their interactive style and experience-based real world insight makes this an eye-opening event for growth-oriented business leaders.

At the conclusion of this workshop, you will walk away with a set of simple practical tools that you and your leadership team can use immediately to focus on priorities, get clear on issues and gain traction together as a healthier, functional and cohesive team.
